# SHEBOYGAN COUNTY

**Adam N. Payne**  
*County Administrator*

---

April 30, 2018

Honorable County Board Supervisors and  
Citizenry of Sheboygan County

Ladies and Gentlemen:

Pursuant to the Sheboygan County Code of Ordinances, I am pleased to present the 2017 Sheboygan County Annual Reports. I trust that the information will provide you with a better understanding of the broad roles and responsibilities of County government.

Sheboygan County Government is currently comprised of 25 County Board Supervisors, 19 Departments, 825 employees, and a \$149 million budget. Our mission is to provide courteous, responsive, efficient, and effective services to those we serve. Every day over 115,000 residents of Sheboygan County directly or indirectly rely on the services that we provide.

Sheboygan County provides a broad array of services, including maintaining the safety of our highways and roads, providing law enforcement, protecting natural resources, issuing birth certificates and marriage licenses, updating land records, and important health and human service programs. Despite the ongoing challenges of underfunded state and federally mandated programs, mental health and drug abuse, and competing demands for more service and property tax relief, Sheboygan County continues to be recognized as a leader of responsive and cost-effective local government.

As you will see, the enclosed Department Annual Reports are concise, follow a similar format and are consolidated for ease of review. Each department has a mission statement, a summary of responsibilities, a brief summary of the accomplishments of the past year, and goals for the future. In addition, updated Tables of Organization are included for each department.

Finally, I want to thank and acknowledge the tremendous dedication and hard work of the Sheboygan County Board, Department Heads and staff. Working together, we will problem-solve and strive for continuous improvement.

Respectfully,

Adam N. Payne  
County Administrator
