Or complete referral
form with your social
worker.

**Childcare will be made
available with
notification during reg-
istration (until full).**

**Please indicate the
number and ages of
children needing care
upon RSVP.**

Objectives:

1. Understand what Complex Traumatic Stress is, and how it can affect the typical development of children
2. Gain awareness of the types of behaviors (symptoms) commonly seen in children who have had traumatic experiences
3. Understand the need to address psychological as well as physical safety in alternative care and when planning family contacts
4. Advocate for and be able to adequately identify providers

Training provided by:

Katy Pruitt—Trauma Informed Care Coordinator for Sheboygan County and Nancy Carey— Social worker; Joanne Peterson, Foster/Adoptive parent.

- **A commitment to all 8 sessions is needed.**
- **Professionals/family teams encouraged to attend together. Professionals are asked to pay a nominal fee of 10.00 for materials. Scholarships are available in case of hardship.**
- **Adults may also bring a support person.**
- **You do not have to be currently receiving services at HHS to take this class. It is open to the public.**
