### Case Updates and Monitoring:

Wisconsin State Cases:

- Information on most up to date case counts statewide can be found [here](#).

**\*\*Sheboygan Case Updates:**

- Sheboygan County currently has 96 confirmed cases of COVID-19. Of those, 79 cases have recovered and are no longer ill. No active cases are currently hospitalized.
- 3 confirmed cases are deceased. The individuals who passed away are in the 60+ age group and are associated with long term care facilities.
- **Active cases** are defined as those individuals who are currently ill and requiring medical care or are in isolation.
- **Recovered cases** are defined as confirmed cases where at least 3 days/72 hours have passed since recovery, defined as resolution of fever without the use of fever-reducing medications and improvement in respiratory symptoms, **AND** at least 10 days have passed since symptoms first appeared.
- **Negative Tests** are defined as a COVID-19 test with a negative result that was reported to Public Health. For information on testing, see WI testing priorities and procedures section.

- Public Resources
  - [Updated WI DHS Travel Guidelines](#)
  - [Sheboygan Cares Drive-Thru Food Pantry](#)

Updated information is denoted by a \*\* prior to the bullet in the report below

## TODAY'S KEY COMMUNITY PREVENTION MESSAGING:

### Guidance on Mass Gathering from Sheboygan Division of Public Health:

At this time, WI Department of Health and Human Services and the Sheboygan County Division of Public Health does not advise large gatherings, and there is no projected timeframe available as to when this advisory would change. Public health experts agree that large gatherings of people in sustained, close contact greatly increases the risk for spread of the virus among those who attend the events and to the communities these individuals return to after the event. The communal nature of such events makes it especially challenging to accommodate the physical distancing and sanitation recommendations required to slow the spread of disease. This includes but is not limited to fairs, concerts, festivals, parades, and conferences.

Should you choose to go against this guidance, please follow the recommendations set forth in the [Sheboygan County Safe Restart Plan](#) and sector specific guidelines from the [Wisconsin Economic Development Corporation](#).

This memo can be found [here on our website](#). Interim guidance on large gatherings from WI DHS can be found on the [DHS COVID-19 Avoid Illness Page](#).

---

## Sheboygan County Safe Restart Plan

In response to the supreme court ruling on May 13th regarding the revocation of the Safer at Home Order, Sheboygan County Division of Public Health has developed guidance released on May 15th, that details our plan to reopen called "Sheboygan County Safe Restart".
