# 2026 LOOK AHEAD

Looking ahead to 2026, Rocky Knoll will mark a truly special milestone as we celebrate our 100th anniversary. This centennial gives us the opportunity to honor our history while looking forward with intention and excitement. A key operational focus for the coming year will be reaching 100% occupancy by exploring ways to fill the final hallway on our rehab unit, allowing us to serve even more members of our community.

Just as importantly, we will dedicate time and resources to our employees—listening closely to their needs and strengthening our recruitment and retention efforts. By investing in our people and planning thoughtfully for the future, we are setting the stage for continued success as we enter our next century of care.
